

# Building a Team Approach to Person Centred Care - Two Day Workshop

**Monday 3 and 10 September 2018 9am-4pm  
at Sandybeach Centre, Sandringham**

## Learn how to put Person Centred Care theory into practice in our unique 2 day workshop.

Our programme focuses on giving participants a greater understanding of why we need to put the resident first, how this approach will benefit not only the individual but staff working in an aged care or community services environment.

### Who should attend?

Any person who is working or seeking employment in the Aged Care and Community Sector and is interested in developing their skills to make a positive difference to other people's lives.

This course will teach practical, easy to adopt ways to integrate person centred care into the day regardless of your role. This includes understanding each individual, their behaviours and how our interactions and care can impact their day.

**EARLY BIRD  
DISCOUNT**
